

E-Rate Technology Plans Approved

Districts can only receive awarded E-Rate funds when their technology plan approval is current (funding years begin July 1). Technology Plan approvals are good for a maximum of three years. For re-approval, districts submit a E-Rate Technology Plan Statement of Assurances to the Office of Public Instruction, at any time during the last six months prior to the approval expiration date (see E-Rate Technology Plan Approval Process information on the E-Rate Web page). Approvals typically take one to two weeks. Once approved, the E-Rate Technology Plan Approval Certification will be mailed to the district.

Review the following spreadsheet to determine the status of your district's technology plan

Never Applied For E-Rate Technology Plan Approval
